TERRA NOVA PREFERRED SUPPLIER LIST

Our Preferred Accommodation Supplier List has been carefully curated to reflect Terra Nova's commitment to quality, reliability, and operational excellence.

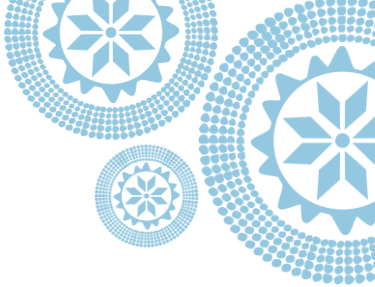

Each property included has been selected based on consistent service standards, guest feedback, safety, location, value alignment, and our long-term working relationships. These partners understand our expectations, our clients, and our operational processes - ensuring smooth communication, accurate contracting, and dependable service delivery.

By working with preferred suppliers, we are able to offer competitive rates, stronger availability, enhanced support, and a consistently high standard of experience across our destinations.

At the same time, our portfolio is not limited to these properties. We remain fully flexible and are able to tailor itineraries using any accommodation that suits a client's specific requirements or preferences.

Our preferred list serves as a trusted foundation, but we can accommodate virtually any request.
